REGARDING: Speech at Convention

COMMENTS:

Gov. Malloy: I just heard one sound bite on WLAD, but that was more than enough! What lies! Scaring people into thinking the whole safety net will be ripped away by Republicans. Here, in CT, the state you are supposed to be leading out of debt -- reports this week show CT debt is rising. Your policies have failed, you are going about things all the wrong way, your leadership is failed and we, the working people of CT on the ones trying to survive as best we can, but not thriving.
